

SPARE PARTS FOR CATERING EQUIPMENT

Food preparation equipment

Blenders

Cutters

Dough
mixers

Meat
mincers

Slicers

About the GEV GROUP

The GEV Group is the leading international distributor network for spare parts for catering equipment. Active now on a worldwide basis, it has developed considerably since the German parent company, GEV GmbH, was founded in 1991. Seven GEV sales offices are now operating in England, France, Italy, Austria, Czech Republic, Hungary and Switzerland; besides these, it has alliances with leading distributors in many other international markets.

GEV consistently holds in stock 50,000 parts suitable for 300 brands of equipment. Due to its modern warehousing, its experienced team of specialist technicians and its extensive supplier network, we are able to guarantee high quality and service levels at all times. Over 20,000 customers around the world have grown to appreciate this unrivalled level stock availability and 24 hour delivery service.

GEV's catalogues are now regarded by catering equipment service technicians as indispensable works of reference. Moreover, the following online shops can boast of the most powerful search engines in the sector.

The GEV Group is a powerful supplier of spare parts to the catering equipment industry, as well as being a competent partner for equipment manufacturers, distributors and service technicians.

Regarding the purchase of our spare parts, we advise as follows

Repairs on catering equipment should only be carried out by a qualified service technician and it is the buyer of the part delivered who bears the responsibility for its subsequent use or processing. The buyer must also be aware of the relevant national laws and regulations in force e.g. local gas supply. Part descriptions and pictures relating to the shape, application and other features of products are only provided for information purposes. We accept no liability for the accuracy of technical descriptions and illustrations in our catalogue and we reserve the right for any printing errors. Copies of this catalogue are only allowed with the expressed permission of the GEV GROUP.
