FEBRUARY

15/003

**OBJECT : ELECTRONIC BOARD 33580250 SET TO BE
INSTALLED ON THE MODULAR ICEMAKERS
"1" SERIE**

We are pleased to inform you that with the following modification, it will be possible to install the electronic board code 33580250 in substitution of the electronic board 33580150. It will be possible to drain all the water from the pan at every defrosting cycle, but it is necessary to move the setting of the Jumper, as shown on the bottom picture:

In this way, electronic board code 33580250 will run like the previously installed electronic board code 33580150
